Preparing Today's Students for Tomorrow's Challenges

Why you should consider Sunnybrook Christian School For your child's education

At Sunnybrook Christian School (SCS) we firmly believe that God made each child *on purpose* and *for a purpose*. We hold high our responsibility to you, the parent, to support you in your God-given responsibility to "train up" your child in accordance with Proverbs 22:6.

SCS successfully combines high academic standards and education expectations in a godly, moral environment. SCS students understand they are created for a specific, unique purpose. Our total school environment provides the opportunity for children to become all He wants them to be. Simply stated, SCS exists to instruct and guide the children of actively involved Christian parents who want an education for their children that is unapologetically Christian and academically challenging.

In a world of mediocrity and lax standards, we have a tremendous job to assure that our children are committed to a godly way of life. SCS is raising up winners and warriors in the areas of high academics and Christian character.

Our philosophy of education is based upon the authority, authenticity, and reliability of the Bible as the complete and final revelation of God. As stated in II Timothy 3:16-17, "All Scripture is inspired by God and profitable for teaching, for reproof, for correction, for training in righteousness: that the man of God may be adequate, equipped for every good work." SCS views Christian education as the process of learning truth through the Bible, and communicating this truth in all that is studied. To this end, the purpose of Christian education is education about Christ that results in character and conduct like him.

We encourage you to prayerfully consider our school for the future educational needs of your children. If you desire to have your child in an environment where a high moral is the norm and excellence in academics is the standard, then Sunnybrook Christian School is the place to be!
